Something Old, Something New

On our cover, the ripples of the harbor, vastly replenished by the recent rains, are heralding the new season at Ship Street.

In our photo below is a scene out of our modern history taken by the late Winfield Jenney. This is the shallop which now can be seen in Plymouth, Mass. as part of the Mayflower II exhibit. Win took this photo in August 1957 after the craft was launched here in preparation for the trip to Plymouth. Notice how the shoreline has changed in this relatively short span of time.

Petitioners Seek Condo Moratorium

MATTAPOISETT SELECTMEN'S MEETING
MAY 24, 1988-by VIRGINIA MORGAN

A petition bearing 308 signatures of Mattapoisett residents concerned about the impact of condominiums and high density housing in town and urging the town to consider a town plan for affordable housing was received by Selectmen last Tuesday.

The petitioners are hoping for a

moratorium on building such developments as the one proposed by Pleasant Street Developers, Inc. of New Bedford, off Park Street to be called "The Beacon at Mattapoisett".

Selectmen Chairman William F. Hubbard said the Board will check with Town Counsel Donald J. Fleming to determine whether the board has the legal authority to arbitrarily declare a moratorium on such matters.

On other matters concerning the 60-unit affordable/market cost housing development, Selectmen were informed by the developers of the wetland delineation plan it hopes to have approved at the May 24 Conservation Commission meeting. The plan incorporates suggestions made by the Commission's private consultant, Gulf of Maine Research Center, Inc. during the site visit of May 14th.

Because there was not a quorum at the Commission meeting on May 24, no final decision could be announced to the Selectmen for inclusion in its report to the state Housing Partnership Program on the

Selectmen's concerns of the proposed development. Another Commission meeting is scheduled for May 31st. Present at tonight's (May 24) Commission meeting were Joseph Souza and Kenneth Dawicki. Absent were James Shepley, Eileen Sargent and Ronald Scott. Three are necessary for a quorum.

Selectmen intend to discuss the possible enlargement of the conservation commission from five to seven members so that this situation will not happen again, especially with the important issues needing consideration with future developments on the drawing board.

On the same subject, Selectmen received a letter from Robert M. Coquillette expressing his thoughts on the development, "The Beacon at Mattapoisett". "I believe a solution must be found to the affordable housing question, but finding an answer must not destroy for others the quality of life in Mattapoisett. There is nothing in the State statute which says that affordable housing

must be accepted in any form regardless of the effect on the community nor must the community accept the first proposal for affordable housing regardless of the consequences."

He noted, "The more valuable the land on which a development is built, the higher the density of population required; the greater the possibility for individuality in a development, the higher the level of owner pride in upkeep; the more permanent the individual considers themselves, the better the quality of the resulting neighborhood life; the more the development blends into the community, the more likely its inhabitants will be accepted as social equals, thus adding to the stability of the unit."

Mr. Coquillette further writes: "Among the elements of a proper solution to providing affordable housing are first, the housing should be built on the least expensive land available so that as much of the total cost as possible will go into the structure and its utilities; second, the individual units should be 'core' units with minimum basic living space, but provided with the necessary furnace capacity, utilities, and framing structure so that future additions can be made with the infrastructure already in place to meet code re-

quirements; third, sufficient lot size should go with each unit and the associated streets, drainage, lighting should be in place so that those who buy into the project can visualize it as a permanent place to live rather than just a temporary stop on the way to something better."

He cited other communities where affordable housing has been successful and he urged viewing these projects in comparison with Mattapoisett.

A letter was also received from Building Inspector Andrew J. Bobola expressing his views both as a citizen and as the Building Inspector on the proposed Park Street development. He noted he himself and as inspector is not against the concept of affordable housing but "we definitely want to make sure that we as a committee, acting as representatives of the Massachusetts Housing Partnership, search and act upon all serious concerns as presented to us." (Mr. Bobola addressed this letter to Harvey Blanchette, Chairman of the Mattapoisett Housing Partnership Committee of which Mr. Bobola is a member.)

His concerns include: 1) The effect the 100-150 cars will have on only one means of egress from the Park Street development, and also the effects of increased traffic in the general area of Park Street; 2) It is of great concern that the road will be of sufficient width and layout to support emer-

Mr. Heon explained that 30 percent of Mattapoisett's runs are to Tobey Hospital and that this service will go to both hospitals. "We have had 45 responses to calls in the past 1½ weeks. We have one vehicle now but the hospital is considering a second vehicle if statistics prove it necessary. At the present time we are servicing 180,000 persons 24 hours per day in a roving vehicle."

This system, the Paramedic explained, started in this area to provide the patient emergency treatment that much sooner. The life support system has some maneuvers the same as an emergency room. "Matttapoisett has to call for us, we

ACCEPTED WITH REGRET the resignations of Personnel Board Chairman Alan Hudson and board member Beverly Posiviata. Mr. Hudson, whose resignation will be effective June 1, has served on the Board for six years. "Because of very pressing work commitments, I cannot continue to serve in a manner that would be fair to the town of Mattapoisett or its employees. I hope to be able to serve the town in the future."

Mrs. Posiviata declined to be reappointed to the Board she has served for over 13 years for personal priorities. "I knew long before there was a bumper sticker, Mattapoisett was a very special town. Thank you for allowing me to share knowledge of its past, to keep and strengthen its future".

New Library Director Named

The Library Board of Trustees last Tuesday announced the appointment of Sue Tweedy as the new Library Director. After consulting with the Personnel Board, Trustee Chairman Barbara J. Brady said the appointment took effect on April 10th when former Library Director Dolores Tansey resigned.

Mrs. Brady will seek from the Finance Committee approval to pay Ms. Tweedy retroactively from April 10, as she has been performing the director's duties since that date. The Chairman also received permission to seek a person to fill the vacancy created when Ms. Tweedy, who has been working as the children's librarian and filling in for the director when needed, assumed the director's fulltime duties.

The former director left to take a position elsewhere. Ms. Tweedy will be paid a starting salary of $9.08 per hour and could be upgraded, if funds permit, to $10.49 per hour on July 1.

Fishing Tournament Planned for Buzzards Bay Day

Buzzards Bay Day, an event marked by harbor tours, children's contests and educational festivities for the whole family is scheduled for June 11th. The celebration, sponsored by the Coalition for Buzzards Bay, is aimed at increasing public awareness about what we can do to help improve the water quality of this irreplaceable resource. A bay-wide fishing tournament, organized by Marble Hardware of Marion, is planned as part of the fun.

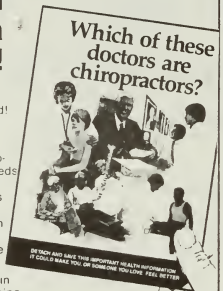
DID YOU SEE THIS BOOKLET ABOUT CHIROPRACTIC IN READER'S DIGEST?

If not, you can get a copy FREE!



Which of these doctors are chiropractors?
DETACH AND SAVE THIS IMPORTANT HEALTH INFORMATION IT COULD MAKE YOU, OR SOMEONE YOU LOVE, FEEL BETTER!

If you do not know much about chiropractic, you should!

Why?

Because chiropractic is the second largest health-care profession in the U.S., and hundreds of people are getting effective relief for their health problems without the use of drugs or surgery. Chiropractic has been successful not only with back problems, but also with a wide variety of health disorders.

This booklet, which appeared in *Reader's Digest* as an advertising supplement, gives you helpful health tips.

Tennis League

APPLICATIONS BEING ACCEPTED

The Mattapoisett Tennis League is now taking applications for the 5th annual women's intermediate tennis tournament. This year we will be playing only doubles and the best 2 out of 3 games will be our format.

Because of our limited time frame (starts June 27 and ends August 19) we must restrict the number of teams to the first 10 who send in their applications. The fee this year will be $15.00 per team and all applications have to be in by June 14.

Please make your check payable to Sylvia Fales and forward to Sylvia at Box 255, Mattapoisett, MA. 02739.

If you have any questions concerning the tournament please call Sylvia Fales, 758-4575, or Nancy York, 758-6950.

Ms. Grant-Morris was born in Cambridge, England and has lived on Mount Desert Island, Maine for the past 17 years. Her work reflects careful observation of the coastal environment. Her realistic yet selective treatment of ropes, reflections and sunlight gives her work clarity and directness. Ms. Grant-Morris studied at the St. Albans School of Art and the Camberwell Sculpture School in London after which she spent a year painting in Tanzania where she had her first exhibition in 1962. She then lived in Paris, Washington, D.C., Somerset County, PA. and finally settled in Southwest Harbor, Maine. This is her first show in this area.

Clayton Fuller has been a resident of Wareham since 1937, and has been associated with the Bourne-Wareham Art Association where he was president, treasurer and currently vice-president. Fuller studied at the Museum School, Boston, the Cape Cod Conservatory and with several well-known artists. Some of Fuller's early works include landscape, still life and animals, but his early work concentrates on the human figure. In recent years, he has been constructing his sculptures from all sorts of material; experimenting in expanding foam and direct modeling in plaster of Paris. He has been commissioned to do a bronze figure of a Wampanoag Indian woman for the town of Wareham for outdoor display. This piece will be a natural representation of the figure rather than one in the imaginative spirit of the pieces to be shown at the Art Center.

This two-person exhibition will run through July 6th. The galler-

According to Rochester Memorial Principal Charles Elofson, "Friday Night Prime Time is an innovative nationwide reading program with the goal to demonstrate to children, parents and teachers that reading can be fun. Through programs such as this, we hope to spark an interest in reading and helping our students establish strong, lifelong reading habits."

More than 40 students are expected to gather at the school for dinner and an evening of reading, exercise and group activities. After bedtime stories, read by Superintendent Joan Walsh, Principal Charles Elofson and School Committee Member William Chamberlain, the children will settle into their sleeping bags in the gym. The program will conclude Saturday morning with more reading, breakfast and awards.

YOU GO!!

Rescuers, both law enforcement officers and volunteers, help find lost and stranded boaters every year. Their work is made easier when they know where to look for a boat. Searchers can be helped, says the National Safe Boating Council, when the boater files a float plan.

A float plan serves the boater just as a flight plan serves the aviator. It should include the boat's name and number, length, type, color, power, cruising range and speed. It lists the number of passengers, their names and addresses.

The most important information on the float plan is the destination, time of departure, the route and time of planned return. The location and license number of the automotive should also be included.

The plan, which lists the phone number of the nearest rescue or enforcement agency, is left with a reliable person or the marina from which the boat departs.

Float plans must always be cancelled upon return.

Marion Coterie

"WHO RUNS OUR GOVERNMENT?"

"Who Runs Our Government?" is the topic of the next session of the Marion Coterie, scheduled for Tuesday, June 7th, at 7:00 p.m. in the library of Saint Gabriel's Episcopal Church, corner of South and Main Streets, Marion.

This program will be moderated by perhaps the foremost authority on political assassinations in the world, Dr. Phillip Melanson, a professor who chairs the political science department of Southeastern Massachusetts University. Phil has made in-depth studies on the assassinations of John Kennedy, Robert Kennedy and Martin Luther King (he has indicated in his lectures and books that some conspiracies were likely). Phil will not dwell on these assassinations but will give us an insight as to who really runs the United States government.

He has intimate knowledge of these processes which is evidenced by his successful long-term saga to gain access to closely held governmental files on the aforementioned assassinations, which is evidenced by his very recent success in gaining release of over 50,000 pages of documents from the LA police department on Robert Kennedy's demise, which have been entered into the SMU "Assassination Archives". Phil resides in Marion. Others will give us additional insights into "who really runs our government"!

Note: Advance interest in this session has been extraordinary; our comfortable capacity for discussion is not more than 25 persons. To assure a place for you, please call 748-1507 (St. Gabriel's administration office).

The Marion Coterie meets bi-weekly on Tuesdays at 7:00 p.m. in the library of Saint Gabriel's Episcopal Church, corner of South and Main Streets, Marion. All are welcome.

Now in Operation!

IT'S HERE! For the past couple of weeks, we've been telling you that, soon, we'd be able to offer you the same kind of service on ENLARGEMENTS as we've been providing on regular film processing. Well, our machine (1 of only 10 in the country) is here and we're very happy to say we can offer you an ENLARGEMENT from your favorite negative the same day you give it to us. If it's a slide, we'll give it to you the next day.

Most of our customers share our feeling.... that our processing is the BEST available ANYWHERE. Now, we'll go one step further to please you with SAME DAY ENLARGEMENTS..... up to 11" x 14".

Give us a try. Whether it's a simple roll of film or a very fancy 11 x 14, we believe you'll like our work better than any you've ever seen.

Fourth Graders Visit Bank

On May 20th Mrs. Scully's fourth grade class had the pleasure of being involved in a banking lesson, presented by Mrs. Susan Porter of the Fairhaven Savings Bank. The children were exposed to a great deal of valuable information, such as types of accounts, interest rates, security measures, the proper way to write a check, and the use of safe deposit boxes.

As a follow-up, the children were invited to visit the Mattapoisett branch of the bank. The tellers escorted the class on a tour

Board of Appeals Decisions

RESTAURANT GRANTED USE OF A PATIO
by VIRGINIA MORGAN

Among the three Special Permits granted May 20th by the Zoning Board of Appeals, Side Street Restaurant, 21 Church Street and operated by Michael and Donna Tache, one will allow the restaurant an extension of an existing non-conforming restaurant to add a seasonal patio eating area.

The applicant proposes to add a 25 foot by 19 foot gravel patio 8 feet from the rear of the restaurant for use as a limited-hours seasonal eating area. Service is to be provided by waiters or waitresses operating from a service window at the rear of the restaurant. There shall be no takeout food service. Five tables with chairs for a maximum seating capacity for 20 persons, with tables and chairs removed in the winter. There shall be no permanent structure in the patio.

Neighborhood residents and landowners appeared personally and in writing at the public hearing in

support of the application. Having knowledge of the restaurant operated by Michael and Donna Tache, the neighbors expressed their confidence in the Taches to conduct and maintain a clean and appropriate operation. No one appeared in opposition. It was noted that a neighbor suggested a "no parking" area on Cannon Street; this should be presented to the Board of Selectmen.

Business hours will be limited during the weeks the Center School is in session to Fridays 4 to 8 p.m., Saturdays 9 a.m. to 3 p.m. and Sundays 9 a.m. to 3 p.m.; and business hours during the weeks school is not in session limited to Tuesdays 9 a.m. to 3 p.m.; Wednesdays, Thursdays and Fridays, 9 a.m. to 3 p.m. and 4 p.m. to 8 p.m.; and Saturdays and Sundays, 9 a.m. to 3 p.m.

Mr. and Mrs. John J. McGonigle, 3 Alderberry Lane were granted a special permit to construct a structure on property the applicants own at North Street. The Board allows a division of what has become one lot by virtue of common ownership into two lots or, as the applicants might put it "back into two lots as they were in the original subdivision of 1964". Building a one-family dwelling and accessory structures will comply with current street, rear and side setback requirements of the zoning by-law.

The third special permit was granted to Robert B. Brack, 8 Sassamon Road, Natick relating to property at 18 Water Street. The applicant seeks to alter an existing nonconforming structure, a single family dwelling. The structure fails to meet the street setback and easterly side setback requirements, and is non-conforming.

a part of the existing roof line and a part of the proposed reconstructed south wing roof line over the second floor encroaches on the property of the Peter Duffs. The present poor condition of the structure on the applicants' property, particularly the south wing, reflects lack of regular maintenance and repair for a number of years by the applicants' predecessors in title. The applicant plans to take down and reconstruct the south wing from ground up, including widening the foundation, extending the first floor of the wing, extending the second floor deck, extending the overhang of the east and west side roof line over the second floor and replacing the windows on the east, west and south sides of the town; change windows on the south side; extend a portion of the existing roof on the main part of the building to the west to connect to the dormer roof and reconstruct the main front door entrance way.

No opposition was presented at the public hearing. The Board was

NEW LAW PROTECTS MEDEX PATIENTS BILLED BY DOCTORS WHO DON'T CONTRACT WITH BC/BS

Here is good news for Medex subscribers whose doctors do not contract (participate) with Blue Cross/Blue Shield for services they render.

A new state law, with protection against balance billing, permits Blue Cross/Blue Shield to reimburse non-participating physicians who treat BC/BS Medex subscribers. The law took effect April 27, 1988 and applies to services provided on or after that date.

The new law, Chapter 21, was developed with the strong support of Blue Cross/Blue Shield. It preserves Medex coverage (Medical supplemental benefits) when the physician

does not participate with Blue Cross/Blue Shield.

If Medex subscribers continue to receive care from physicians who do not contract BC/BS, Medex will provide benefits for those covered services. Chapter 21 preserves Chapter 25, the current ban on balance billing, which prohibits physicians from seeking additional payments from their patients in excess of the Medicare allowed charge.

John Larkin Thompson, president of Blue Cross and Blue Shield, said, "We are pleased to be able to provide continuous health care coverage for senior citizens. Our Medex subscribers can continue to see the doctor of their choice and rest assured that their health care benefits will be provided."

Viewers will visit the Sports Medicine Center of Wareham where Jeff Tonello, athletic trainer and director for the center, will demonstrate equipment used in training and therapy. Viewers will meet a patient and observe the steps in treating a typical sports injury. Jeff will talk about different types of injuries and appropriate therapy used in recovery.

The taped segment will also include a visit to Tobey Hospital's Operating Room where staff orthopedic surgeon Gregory Johnson will perform an arthroscopy (knee surgery). Dr. Johnson will explain the procedure which is commonly used in determining and treating sports injuries.

Following the taped portion, a live call-in period will follow where viewers may ask questions of several hospital and sports medicine center staff members.

New Bedford Whaling Museum

NEW SMU COURSE

The New Bedford Whaling Museum will offer for the first time a four-semester Docent Internship Course to Southeastern Massachusetts University students through its Contract Learning Program, beginning the Fall of 1988. This course was developed by the Education Staff and the Volunteer Council of the Museum.

Seeking to reach a younger audience, the Whaling Museum is pleased to extend its offerings to college students interested in local history and art. The first of the 3-hour credit courses will consist of academic preparation; the second, experience as a docent (a teacher or instructor who conducts groups through the museum). Two additional semesters of docent experience will be available, giving a student a total of 12 credit hours.

The Docent Internship course will be taught at the New Bedford Whaling Museum, which has one of the country's largest collections of whaling artifacts and logbooks. In this stimulating and enjoyable setting, students will learn valuable research and instructional skills. The course will give students a compre-

BODY WRAPS HAVE CHANGED! Old body wraps consisted of a solution of oils held to the skin by a cellophane wrap. This caused perspiration and loss of fluids. Once fluids were replaced, the inches lost came back. Our new wraps are elastic cotton wraps soaked in an all-natural solution of minerals and vitamins. Inch loss is permanent if you follow our program. And if you don't lose at least 4 inches on your first wrap, your second wrap is FREE! Call for an appointment.

presented by the Seminary Friends, a small group of recent graduates of Boston University School of Theology. Refreshments will be served after the program.

The event is being sponsored by the Mission Committee of the church for the benefit of the Heifer Project; a freewill offering will be taken. Heifer Project International is a non-denominational organization dedicated to the elimination of hunger and poverty by providing animals and assistance to families and communities around the world that are in need. Because participants "pass on the gift" by sharing an offspring from the original animal, these are gifts that keep on giving.

Host Families Needed

FOR STUDENTS FROM FINLAND THIS SUMMER

Volunteer host families are needed to house, feed and befriend high school students from Finland this summer.

More than 25 homes in Marion, Mattapoisett and New Bedford are needed to house English-speaking high school students from July 1 to July 29. These high school students want to stay with American families and participate in American home life.

Families with lots of love to share are invited to share in an exciting cross-cultural experience in their own homes. Host families are invited to attend some of the special activities planned for the visitors, and will find this a terrific opportunity to get to know a young visitor

COSMETOLOGY DEPARTMENT

On Tuesday, May 17th, Mr. Rene Gaudette demonstrated for the Cosmetology Shop at Old Colony Regional Vocational Technical High School a wonderful new color system, called SoColor, exclusively from Matrix Co.

Mr. Gaudette explained to the students how to use SoColor to help them create the easiest possible way to turn color fantasies into reality. Any students who were enthusiastic enough to try the SoColor themselves were able to see the effects of the Matrix color, definitely enjoyed the techniques, and were quite surprised by the end results.

Next year the Cosmetology Department will be utilizing this new color in the shop which will enable them to have a tremendous boost in a color system that is so widely used in the beauty salon today.

School, has been nominated for the Massachusetts Department of Education's "Outstanding Achievement in Vocational Education Award". Mr. Santos' nomination will be considered against others from across the State for the prestigious award.

Mr. Santos has been an instructor at Old Colony since 1977. In addition to his full-time teaching responsibilities he is very active in many school activities. He is currently the school's representative to the Southeast United Collaborative for Cultural Education and Enrichment Development (Project SUCCEED). He is the Student Council Advisor, School Improvement Council representative, and member of the N.E.A.S.C. Steering Committee. This year Mr. Santos was awarded a Horace Mann Grant and for the third year was Old Colony's representative to Bristol Community College's Tech Prep/Two Plus Two Project.

In nominating Mr. Santos for the award, Mr. John T. Oliveira, Superintendent-Director at Old Colony, stated, "His dedication of purpose, compassion for students and consistent exercise of sound educational judgement reflects a high degree of not only professional industry but personal devotion to vocational-technical education."

O.C. SENIOR ACTIVITIES

Old Colony Seniors will participate in their final two school activities this week. Thursday, June 2nd, Seniors will be recognized with awards, certificates and scholarships at the Annual Awards Night Ceremony scheduled to begin at 7:00 p.m. in the school gymnasium.

TRIP TO CONCORD MUSEUM

After having studied early American history and after having read some of the works of early American writers, including Ralph Waldo Emerson and Henry David Thoreau, eleventh grade students at Old Colony made a trip to the Concord Museum in Concord, MA. Highlights of the museum were the period furniture, a lamp used in the Old North Church to signal Paul Revere, the study of Ralph Waldo Emerson as he left it at the time of his death and the cot, chair and desk Henry David Thoreau used at his cabin on Walden Pond. Other items of interest were the last pen used by Thoreau before his death, various musical instruments, and a chair used by Emerson and Hawthorne for writing.

STUDENTS VISIT COAST GUARD STATION

Recently students in the Electronics Department at Old Colony visited the Coast Guard Station at Otis Air Force Base. After a briefing on the role of the Coast Guard in law enforcement and search and rescue, students toured the facility and boarded the aircraft used in these duties. Of special interest was the avionic equipment used in the aircraft. After a lunch at the base, students went to the avionic repair shop where technicians service radar, navigational equipment, and communications equipment. Job requirements and opportunities were discussed. The trip was sponsored by Old Colony's School Improvement Council.

APPONEQUET HIGH JAZZ BAND ENTERTAINS OLD COLONY STUDENTS

The 23-member Apponequet High School Jazz Band brought "The Big Band Era" to Old Colony on Tuesday, May 17th. After the performance the Old Colony Culinary Arts Department reciprocated the pleasure by arranging a special luncheon for the visiting musicians.

Old Colony students gave high ovations to the Apponequet musicians, who were getting ready for their annual POPS Concert on Saturday. The jazz band, under the direction of Richard Noll, played 10 tunes with a mixture of both slow and fast songs. The band featured many stu-

Next, a smaller band of six students played selections of pure Blues improvisations -- one fast and one slow. The ensemble had the responsibility of interweaving with the soloists, which is not an easy task.

After much applause, the band headed for the Cougar's Den Restaurant where they were treated to a luncheon of fried chicken, ham and tuna sandwiches, chocolate cake and beverages.

about our coast. This summer the Lloyd Center offers the Summer Program in Coastal Studies for students entering grades 6, 7, 8 and 9-12. The program, in its seventh season, is a four-week daytime learning experience designed to give motivated students the opportunity to explore the many aspects of marine science.

Each of the four sessions has a different theme and emphasizes both field study and recreation. The primary goals of the programs are to increase awareness of coastal environments and human interdependence and impact of the coast.

All programs include the following: an overnight camping trip, canoeing, whale watching, laboratory sessions, field studies and participants will learn to set up and maintain a saltwater aquarium. The groups will study habitats such as the rocky shore, barrier beach, dunes, saltmarshes and tide pools.

July 5 - 29 are the dates for the sixth grade and high school students' programs. Coastal Ecology is the theme of the sixth grade program, Photography and Natural History, the high school program.

August 1 - 26 are the dates for the seventh and eighth grade programs. The theme for the seventh grade is Marine Biology and Forces

WHALE Auction

Items to be sold to the highest bidder at this year's WHALE, Waterfront Historic Area League, benefit Auction include a variety designed to tempt even the most seasoned auctiongoer. Near the top of the list is a 1956 Pontiac sedan with very low mileage whose interior is in pristine condition. The car, formerly owned by a late prominent local attorney, is in running condition and is a real traffic-stopper. For the more adventuresome, there is an iceboat that can attain speeds of sixty miles per hour and a motorbike that is just the thing for summer outings. For the conventional collector, there is an antique child's sled, paintings, prints, and furniture. One item that is sure to arouse spirited bidding is a set of stemmed glassware purchased by Joseph Grinnell, builder of the Grinnell Mansion on County Street in New Bedford, on the occasion of a visit by John Quincy

Adams. Adams, who was President from 1825-29, later served in Congress, as did Joseph Grinnell.

This year's WHALE Auction will be held on June 25th in a tent on the grounds of the Grinnell Mansion and the proceeds will help the organization with its ongoing preservation programs, including the task of preserving the Russell Warren designed Grinnell Mansion.

More items are needed for the Auction and people desiring to help WHALE in its efforts may donate antiques including furniture, glassware, paintings, silver, clocks and watches, plus virtually any kind of collectible. The fair market value of any contribution is tax deductible. The Auction Committee, headed by Co-chairs Joan Bullard and Charlotte Gray, urges all interested people to search through their cellar, attic, and trunk to find Auction items that will help WHALE's work in New Bedford's historic preservation. Items can be brought to the WHALE office at 13 Centre Street or a pickup can be arranged by calling WHALE at 997-1776.
